<sup>1</sup> Projects will be selected by consensus, if possible. Only one project was presented at the RPT Meeting for the Mississippi River Delta Basin, so an additional nominee will be selected from the Breton Sound Basin. If voting is required for any basins, each CWPPRA agency and each officially designated parish representative in each basin will vote. All projects being considered will be ranked from highest to lowest priority. Projects will be selected by ranking the sum of ranked votes. Voting results will be reported to the Technical Committee for their selection of PPL 19 candidate projects on April 15, 2009.
