Location
The project area is located in the CWPPRA Mississippi River Delta Basin in Plaquemines Parish south of Venice, Louisiana, adjacent to Tiger and Grand Pass.

Problems
Between 1932 and 1974, the mapping unit lost 38,400 of 59,640 acres of marsh as a result of subsidence, tropical storm activity, canal creation and maintenance, and hydrologic modification. Between 1974 and 1990, another 13,260 acres of land was lost. It is estimated that without restoration efforts, more than 91 percent of the remaining land will be lost by the year 2050.
