Dear Mr. Gohmert:

The Louisiana Department of Natural Resources, Coastal Management Division (CMD), has received your letter and Consistency Determination for the referenced project, dated December 2, 2005. Please be aware that this project has already been reviewed by CMD. Our concurrence with your Consistency Determination of October 6, 2004, was mailed on December 7, 2004. No further authorization is needed from this office unless changes are made to the project. A copy of the concurrence letter is enclosed for your convenience.

Also enclosed is what appears to be the original draft permit for this project from the U.S. Army Corps of Engineers, New Orleans District. I believe it must be returned to the Corps for your permit to be finalized.

If you have any questions concerning this matter, please contact me at (225) 342-7949.

Sincerely,

Jeff Harris  
Consistency Section
