Attention Brad Hansen

Re: Install and bore 30" sediment delivery pipeline across levees and under highway 11 and 23.(Louisiana Office of Coastal Protection Restoration Project)
Mississippi River to Scofield Island Restoration Area, Empire
Plaquemines Parish, Louisiana

Dear Brad Hansen

Enclosed please find your Construction Permit for the above-referenced work in Plaquemines Parish

Permit is granted with the understanding that this approval does not purport to give any property rights, or any exclusive privileges; and that this approval does not authorize any injury to private property or invasion of private rights, or any infringement of federal, state, or local laws or regulations. The approval by the Plaquemines Parish Department of Safety and Permits merely expresses the assent of said Department and is subject to the approval of the U S. Army Corps of Engineers, New Orleans District, and all other interested parties. Please be guided accordingly

In addition, if there are to be any changes in, adjustments to, or deviations from the proposed work of a substantial nature, whether due to unforeseen or altered conditions or otherwise, those revisions must be submitted promptly to the Permits Department for review and approval.

Please notify this office twenty-four(24) hours prior to moving any equipment into this Parish and also upon completion of work.

Very truly yours,

Building Official

To Whom It May Concern:

On your permit at the bottom of the first page you will see (NOTICE) it states that you are to notify our office when work begins; we also need to be notified once the work has been completed.

Your cooperation would be greatly appreciated.

Thanks,

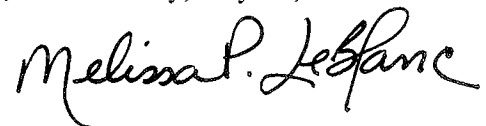

**Valarie Jones Ragas
Permit Coordinator**

RESOLUTION NO. 12-214

On motion of Council Member Marinovich, seconded by Council Member Edgecombe, and on roll call all members present voting "Yes", except Council Member Griffin, absent, the following Resolution was adopted

AGENT OR REPRESENTATIVE (SIGNATURE)

NOTE: This permit will expire one (1) year from date approved.

PLEASE READ CAREFULLY THE IMPORTANT NOTES ON THE REVERSE SIDE OF THIS SHEET.

IMPORTANT NOTES

- (1) Issuance of this permit does not authorize violation of any laws or regulations, nor does this Department assume any responsibility for such violations or resultant inconveniences.
- (2) The Building Code provides that all electrical and mechanical work for commercial or industrial occupancy, however minor, must be done by contractors licensed by this Department, and must be inspected by this Department before being concealed.
- (3) The Building Code provides that the card received with this permit must be conspicuously displayed during construction.
- (4) This Department must be notified in writing of any request for changes on construction permits.

NOTICE

This permit conveys no right to occupy any street, alley or any part thereof, either temporarily or permanently. Encroachments on public property not specifically permitted, must be approved by the Plaquemines Parish Commission Council. SEPARATE PERMITS MUST BE OBTAINED FROM OTHER PARISH AND STATE AGENCIES AS REQUIRED BY LAW. The issuance of this permit does not release the applicant from the conditions of any applicable subdivision or title restrictions. Applicant is to notify this office upon completion of any and all construction in this Parish.

ANNEX "B"

PLEASE ANSWER ALL QUESTIONS WHICH ARE APPLICABLE

(IF MORE SPACE IS NEEDED, ATTACH ANOTHER SHEET OF PAPER)

- 1 List number and type of earth moving equipment to be used in proposed work: (land or water, size, h.p., draft, bucket size, tonnage, boom length)
