

**LOUISIANA DEPARTMENT OF WILDLIFE AND FISHERIES**

**FILL MATERIAL LICENSE**

LICENSE NO. WLF201147

*In consideration of a royalty paid to the Department by the applicant, this license for the removal of fill material from water bottoms of the State of Louisiana is issued to:*

*Licensee Name and Address: Office of Coastal Protection & Restoration/OCPR  
ATTN: Alex Gonzalez-Rodiles  
450 Laurel Street, Suite 1200  
Baton Rouge, LA 70801*

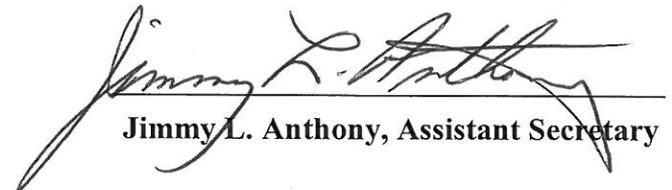

*Licensee Site Location: Gulf of Mexico; Lat. 29° 13' 57.57", Long. -89° 35' 54.38"; Plaquemines Parish*

*Project Description: Dredge 3,700,000 cubic yards of fill material and/or fill sand for stabilization and marsh creation on the critically eroding Pelican Island.*

*The rights and privileges shall begin on the 8th day of July 2011 and expires on the 31st day of December 2011 or until you reach the amount applied for.*

*The use of the fill material authorized for removal by this license is subject to the following restrictions:*

- 1. The Department of Wildlife and Fisheries shall be notified prior to removal of the material and again be notified upon completion of the project.*
- 2. All provisions of the Fill Material License shall be adhered to.*
- 3. This Certificate shall be posted in a conspicuous place at the project site during the activities authorized.*

  
Jimmy L. Anthony, Assistant Secretary
