Gentlemen:

As requested in your letter dated July 16, 2010, the authorization granted by a Department of the Army permit dated January 18, 2006, from the District Engineer at New Orleans, Louisiana, covering approval to dredge for access and fill material and construct approximately 49,725 linear feet of rock dike, broken into 8 segments, to implement the Gulf Intracoastal Waterway (GIWW) Bank Restoration of Critical Areas Project (CWPPRA TE-43), on the south bank of the GIWW, beginning near mile marker 60 and ending near mile marker 70, in Terrebonne Parish, Louisiana, is hereby specifically extended to July 31, 2013.

All other conditions, to which the work is made subject, excepting the time limit for completion, remain in full force and effect.

If the structures or work authorized is not completed on or before the date herein specified, this authorization, if not previously revoked or specifically further extended, will cease and become null and void.
